## The Fairmont

Silicon Valley has become one of the world's busiest hubs, and the capital of this high-tech mecca is San Jose. The Fairmont San Jose hotel combines technological innovation with timeless elegance. A short drive will take you to 30 wineries and the famous Monterey Peninsula golf courses. The Fairmont has and is the home of many other science fiction conventions; include 2002 Worldcon, Fanime, Further Confusion and the 2009 World Fantasy Convention. The hotel knows what SF/F cons are like and has actively sought our business. We look forward to a great working relationship with them.

## San Jose

Downtown San Jose has great shopping, exciting theatres, compelling museums and terrific restaurants. Most within walking distance of the Fairmont Hotel. For the more adventurous, there are the Winchester Mystery House, the Rosicrucian Egyptian Museum, Wineries and Great America, just a short drive from downtown.

The California Theater is great for seeing those summer block busters. Light Rail can get you to many points of interest for a little money. Hop on light rail for a short ride to California's Great America amusement park. San Jose is generally a safe city and welcomes all her visitors with enthusiasm and open arms.
